

Dear Family and Friends,

As you may know, I am a staff member at Queen's Grant High School which is an excellent charter school in Matthews, NC that prepares students for college. This year I am excited to participate in our annual fundraising campaign called **Invest in Education**. All (100%) of the money raised goes to benefit Queen's Grant students and teachers.

Unlike other schools, Queen's Grant does not receive funding for athletic programs, performing arts, building and grounds needs, and teacher classroom spending allowances. Each year the "Invest in Education" committee raises money to cover these expenses and other projects vital to our school. With the money raised, we will be able to fund many outstanding programs at our school and provide our students and staff with much needed resources.

I am asking you to support me and our school by making a monetary donation. All donations are tax deductible. My goal is \$100 but any amount you would like to donate will be greatly appreciated. Please remember **100% will go to our school**. You can mail a check to me made payable to **Queen's Grant VIP**, with my name in the memo box (very important), or you may visit the VIP website at <http://qghsvip.wordpress.com/invest-in-education/> for an online payment option. Please add the convenience fee to the amount and note my name at checkout when making an online donation..

Thank you for your time and generous donation.

Sincerely,
