SCHOOL DESCRIPTION

Queen's Grant High School, a public charter school, opened in 2007. QGHS started from the strong desire of parents from Queen's Grant Community School (K-8) to continue the Queen's Grant experience through the secondary level. In Queen's Grant tradition, the school leadership is committed to recruiting highly qualified teachers, motivating each student to personal and academic excellence, and preparing students for post-secondary learning and success in life.

VISION STATEMENT

Queen's Grant High School seeks to foster a passion for learning and to equip college bound students with the tools for academic success. We will do this through an atmosphere that holds students firmly accountable for their actions in both academics and discipline. Queen's Grant High School is a place of great opportunity for highly motivated students and actively involved parents.
